If your child is not already building vocabulary for the Verbal section of the exam, I recommend signing them up with an account at [vocabulary.com](https://www.vocabulary.com) and making time to practice every week.

To sign up, please send me an email with your child's name. I focus on both SSAT and ISEE skills with 4th graders. If you know which test your child will take, or if you plan to have them take both, please let me know. If you haven't decided yet, you can make that decision later.
