Level 1*

Stand Up and Shout Out Loud... *This class is FUN!*

Isn't learning how to captivate an audience something that everyone could benefit from? Why not start at an early age when it's easiest to grasp concepts and overcome fears. This class is all about **inspiring kids to do great things!** And the best part is that **it is fun, too!**

Through interactive games and fun activities you will learn how to:

- *Stand out in a crowd* using specific tips for success.
- *Craft your message*
- *Improvise* - sometimes acting goofy is the best way to overcome fears!
- *Team build and lead others*

The class will culminate with an interactive presentation for family and friends.

"Surpassed expectations! I'm very happy with Daniel's improvements and all that he accomplished and so is he!"

Grasshopper's mission is to empower youth with **life tools** so that they may have every opportunity to be successful in life and contribute their gifts to the world. At Grasshopper, we strive to make every learning experience as unique and special as each student who attends our programs. Integrated into each of our classes are important life skills that will carry each child into junior high, high school and beyond. We believe it's never too early for children to learn to apply their knowledge to the real world. **Questions?** Email shawna@grasshopperenrichment.com or call 503-662-8146
